PuTTY Login

The image shows the PuTTY Configuration dialog box. On the left is a tree view of configuration categories. The 'Session' category is selected, and its sub-items are expanded: Logging, Terminal, Keyboard, Bell, Features, Window, Appearance, Behaviour, Translation, Selection, Colours, Connection, Data, Proxy, SSH, Serial, Telnet, Rlogin, and SUPDUP. The 'SSH' item is highlighted. The main area is titled 'Basic options for your PuTTY session'. It contains a section 'Specify the destination you want to connect to' with a 'Host Name (or IP address)' field containing '172.25.111.201' and a 'Port' field containing '22'. Below this is a 'Connection type:' section with three radio buttons: 'SSH' (selected), 'Serial', and 'Other:'. The 'Other:' dropdown menu is set to 'Telnet'. There is also a section 'Load, save or delete a stored session' with a 'Saved Sessions' list box containing 'Default Settings' and three buttons: 'Load', 'Save', and 'Delete'. At the bottom is a 'Close window on exit:' section with three radio buttons: 'Always', 'Never', and 'Only on clean exit' (selected). At the very bottom are buttons for 'About', 'Help', 'Open' (highlighted with a blue border), and 'Cancel'.

WinSCP Login

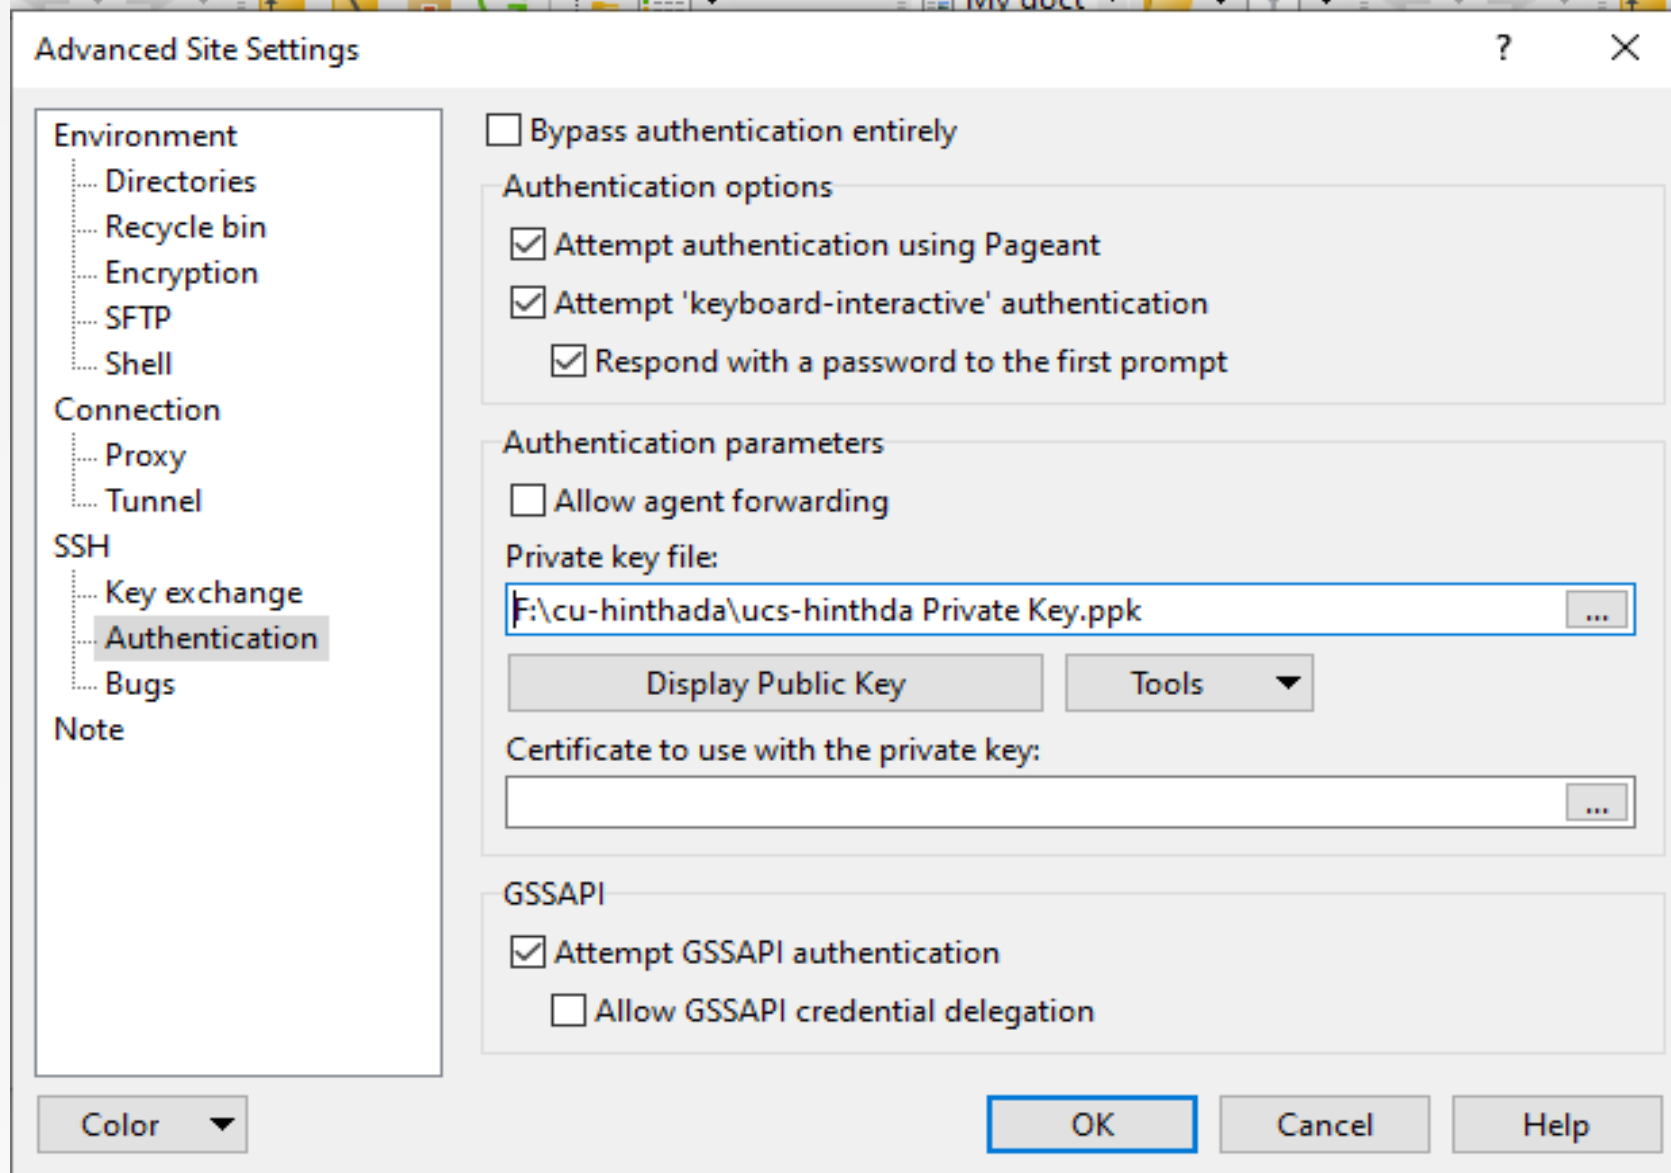

The image shows the WinSCP Login dialog box. It has a title bar with a minimize button, a maximize button, and a close button. The dialog is divided into two main sections. On the left is a sidebar with two items: 'New Site' (with a star icon) and 'My Workspace' (with a folder icon). The main area on the right is titled 'Session' and contains the following fields and controls:

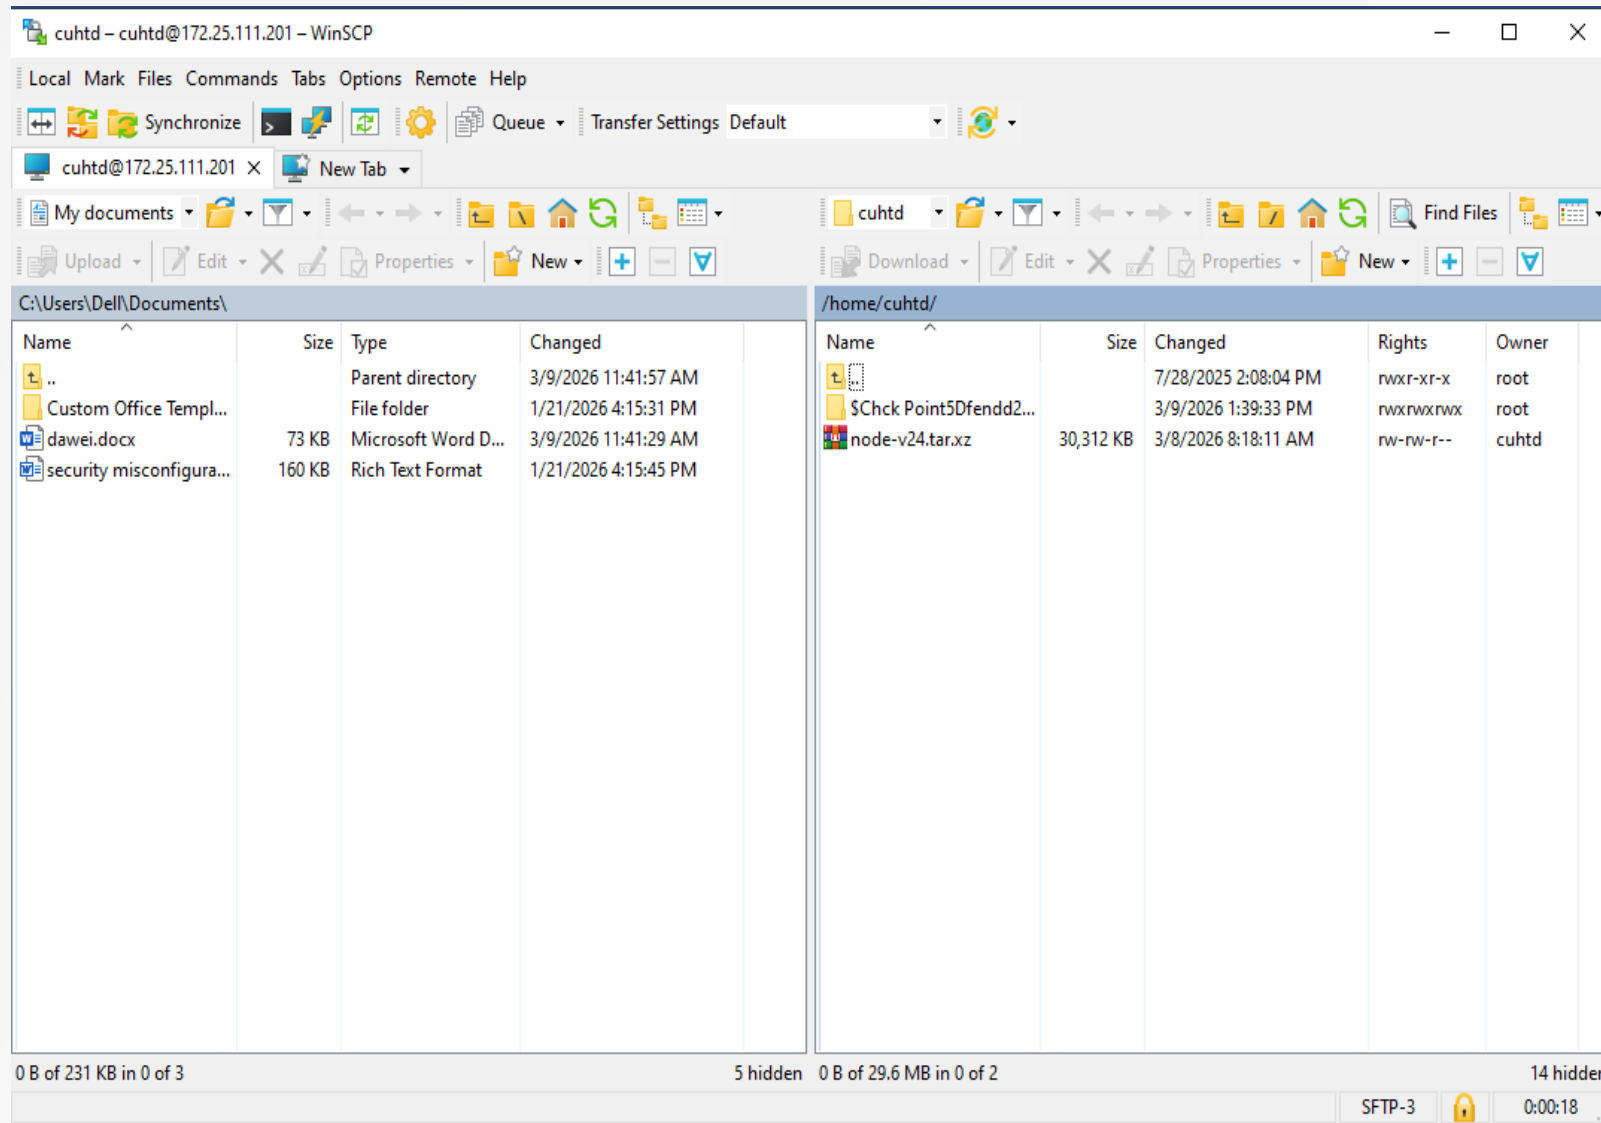

- File protocol:** A dropdown menu currently showing 'SFTP'.
- Host name:** A text input field containing '172.25.111.201'.
- Port number:** A spinner control currently set to '22'.
- User name:** A text input field containing 'cuhtd'.
- Password:** An empty text input field.
- Buttons:** Below the input fields are two buttons: 'Save' and 'Advanced...'. Both have a small downward arrow on their right side.

At the bottom of the dialog, there are three buttons: 'Tools' (with a dropdown arrow), 'Manage' (with a dropdown arrow), and a 'Login' button (with a green arrow icon and a dropdown arrow). To the right of the 'Login' button are 'Close' and 'Help' buttons. At the very bottom, there is a checkbox labeled 'Show Login dialog on startup and when the last session is closed' which is checked.
